

# MPL: Celtic Celebration

The Celts were the ancient inhabitants of Europe who were made up of a diverse group of peoples connected by a shared language, religion and culture. They are known for their arts and crafts, including beautiful metalwork, sculpture and pottery. Additionally, modern Irish and Scottish Gaelic languages have roots in the Celts ancient tongue. Celtic peoples included farmers, fierce warriors and Druids. The most famous Celt is the warrior Queen Boadicea. Today many people with European heritage celebrate their Celtic roots with Celtic music, dancing and art. The Unionville Celtic Festival is July 8-10th, 2011.
