

Family Storytime @ TC Aug. 1, 2013 - Make New Friends [SRC 2013]

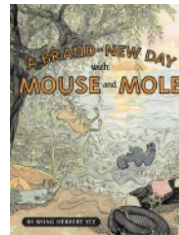

Time to make some new friends! There are many ways to make new friends through having small talks, being nice and polite to each other, and playing with them at the library or at school. Don't be afraid to be the first one to introduce yourself to others, so that they will get to know you a little bit more. Remember to smile lots, be yourself and learn to share what you like to do/eat with your new friends! Even reading a book with them is a great way to share your time!!!
