

Family Storytime @ TC [Sept. 27, 2013] ~ Fall & Nature!

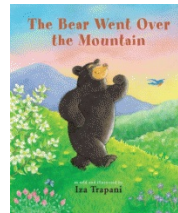

Fall is finally here! Let us learn more about Fall/Autumn and mother nature through these great picture books! Don't forget to look outside in your school park, neighbourhood, and on the highway of all the beautiful and changing coloured trees, filled with different tones and shades. Just too breathtaking => Review the many colours with your children, so that they can point them out to you the next time you drive them to some places.
