

BKLYN Green New Meal: The Food-Climate Connection

How does our current food system affect the climate, and how does climate change affect the quality and availability of food? What methods and policies can protect both the climate and the food supply? And who's farming in Brooklyn? his list of books was put together by the panelists in the "Green New Meal: The Food-Climate Connection" event at Central Library 12/11/19. Join us for more Climate Wednesdays events, through May 2020. Want more book recommendations? Ask a librarian!
